February Submissions

1: Miryam æt West Seaxe -New Device Change

Azure, in pale three seaxes fesswise, edges to base proper

Old Item: Quarterly gules and Or, a cross patonce counterchanged, to be retained as a badge.

This is a refinement of the submitter's earlier attempt at a device change. She's decided she prefers her seaxes to be proper rather than argent. The change counts for no heraldic difference, but it's routinely specified in blazon.

This should be clear of the device of Quintin de Fontenay (reg. Oct 1998 via Meridies), Azure, three swords in pall, pommels to center, proper. We get no difference for type or tincture of swords, but SENA A5E4 should grant a Substantial Change between what is functionally two and one and in pale. Or, even discounting that, we should get a DC for the swords' placement and a DC for their orientation.

Per JM: We believe these to be clear with a DC for arrangement under SENA A5G6 and another for their orientation under A5G7.

FIX ME Redraw with a Seax instead of what looks like a scimitar.

Pended for redraw

2:Alphonsus Balthazar von Hamer -New Alternate Name and Badge

FIX ME Alponsus Balthasar von Hamer is the correct name for John of Wick to be filed under for an alternative name. Device should be on a badge form instead as the submitter **DOES NOT** want to replace their current device.

SOV NOTE: Submitter has been apprised of the Ob Mod and Protected Persons clauses in SENA (site those)

Device: Can send this up as a test case on Proper. Use images from Wikipedia for Rust/red patina.

John of Wick - Alternative Name

Argent, on a pale sable between a hound rampant and two pistols crossed in saltire brown five bezants.

The submitter has no preference about the gender of the name.

The following changes are allowed: Meaning, Sound

John - John is a masculine Anglo-French/English name dating to 1245-1250 see Glover 24. <https://dmnes.org/cite/John/1245%E2%80%931250%5B1586%5D/Glover>

of Wick - Wick is a Scottish locative byname dating to 1503 found in Scots Revised Reports: Court of Session First Series, Volume II

3: Beorn of the Northern Sea -New Augmentation of Arms

Per bend sinister embattled grady gules and argent, a lyre and a dolphin urinant counterchanged, within a double-tressure sable, and in chief on an escutcheon azure a cross of Caid within a bordure argent.

***FIX ME* Proposed blazon Per bend sinister embattled grady gules and argent, a lyre and a dolphin urinant counterchanged, within a double-tressure sable, and for augmentation, in chief an escutcheon azure fimbriated and charged with the cross of Caid argent. Enlarge the Cross of Caid and shield. Specify that the submitter wants a Cross of Caid in the Blazon.**

The Crown of Caid bestowed Beorn the Augmentation of Arms on 1-4-2025.

<https://heralds.sca-caid.org/op/person.php?PersonID=11504>

Therefore we are submitting this device in accordance with SENA A3A3

Barony of Gyldenholt

Submitted by Alienor Dolphin

Approved and Forwarded Pending redraw of Augmentation

4: Helvi goðlaus -Resub Appeal of Laurel Return of Device

***FIX ME* Fix Form this is a resub device change, not appeal. Fix blazon, change diamond to lozenge. Enlarge lozenge for sake of balance.**

Per pale argent and sable, two ravens striking addorsed and in base a lozenge counterchanged

This submission is to be associated with Helvi goðlaus

This is a resubmission. The submitter's prior registration was returned for conflict

<https://heraldry.sca.org/loar/2024/11/24-11lar.html> The addition of the counterchanged diamond clears that conflict by adding a 2nd DC and does not appear to introduce any new conflicts.

Old Device: Old device to be released
