The patronymic rules are on p. 17, not p. 31. Per those rules -i changes to -a, not -ar. That means that the patronymic form of Igni is Ingason.

No conflicts found.

2: Boðvarr Ignarson - New Name

Submitter desires a masculine name.

The following changes are allowed: unspecified

Language/Culture (10th Norse) most important.

Originally submitted as Bödvar Ignisson. The given name was not spelled correctly on a wiki page the submitter was using.

Boðvarr is a Norse masculine given name found in Viking Answer Lady site
<https://www.vikinganswerlady.com/ONMensNames.shtml#Bodvarr>

"Related to *Bapu-harjaR, "he who has a battle-array." Found in Old Danish as Bodwar and in OW.Norse as Boðvarr. Found in the runic accusative form bau(p).... Anglo-Scandinavian forms include Batharar. A diminutive form of names in Boð- is Boddi."

Arnviðr is a Norse masculine given name found in GB p7

Igni is also a Norse masculine given name in GB p 12

Ignarson is the patronymic form of the given name Igni from the rules found in GB p31

Cut and paste from the prior submission, the documentation for Bøðvarr is irrelevant.

The given name is found on 9 of Geirr Bassi as Bøðvarr. The o=ogonek can be transliterated as o while keeping the eth per SENA Appendix D1b.

The patronymic rules are on p. 17, not p. 31. Per those rules -i changes to -a, not -ar. That means that the patronymic form of Igni is Ingason.

No conflicts found.

Moriko - a feminine Japanese name that was used prior to 1600. From No Copy Source Thronardottir, Solveig, "Name Construction in Mediæval Japan", 1994-2nd edition, p. 379.

The Japanese name formation <family name + nanori> is found in NCMJ, 2nd ed. page 7 on constructing feminine Japanese names.

The citation to NCMJ is incorrect, it should be to:

Moriko 森子 Nanboku Period 1392 - NCMJ Rev. Ed. p. 381.

The entry is found on 279 of the Grey Cover 1993 edition which does not claim to be a 2nd edition. In fact neither edition claims to be a 2nd edition.

Akizuki appears in NCMJ. Akizuki 秋月 Nanboku Period 1392 - NCMJ Rev. Ed. p. 315

5: Selewine Scrivain - New Name

Please consider the following possible conflicts identified by OSCAR (many will not be conflicts):
Sogu-Elína(11/2024)

Scrivain appearing in R&W under the heading Scrivener as a derivation of scrivain with the same meaning as scriven and not as an actual name.

Selewine is found as a surname in Dictionary of Tudor London Names Mistress Aryanhwy May 1, 2014 <https://www.ellipsis.cx/~liana/names/english/tudorlondon.pdf>

Selwyne pat. from OE *Selewine.

COMMENTARY:

Eridana Gold Starre (Gold Starre) at 2026-06-08 20:59:25

Switching to French to get her requested spelling Scrivain is found dated to 1529 in French meaning "writer" found in Les Oeuvres feu maistre Alain Chartier ... Nouuellement imprimees reueues et corrigiees ... and used here as an unmarked occupational byname as allowed in French SENA App A

French "Dont ie ne suis que le scrivain" English "Of which I am only the writer" (google translate)

<https://oscar.sca.org/s.php?u=2257816> [www.google.com]

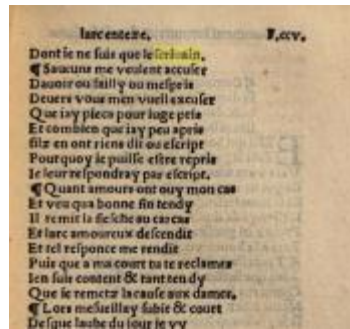

Incase cannot use a late period surname for given with French submitter prefers Scryvenor spelling found in famulysearch records dated to

Reginold Scryvenor Christening 12 Jan 1574 St Columb Major, Cornwall, England C03122-1

Selewine is treated the same as any other 16th century English name, which means that as long as it is dated within 300 years it can be combined with a French surname. But I don't think that the lingual mix is required as I show in my comment.

Jeanne Marie Lacroix (Palimpsest) at 2026-06-09 16:26:21

The documentation is for Selwyne, not Selwine. Cfte "Early Modern English Language Evidence Tables" by Elisabetta Tommaso di Carduci. <https://heraldry.sca.org/names/earlymodern.pdf> for the i/y swap. The examples include Blight/Blyght, Miles/Myles, Titus/Tytus, and Violet/Vyolet.

I think that the R&W documentation may be sufficient for Scrivain given the documented Scriven from FmailySearch (which should be cited).

Also, the UK National Archives has the "Will of Richard Udd, Scrivan of Saint Pancras, Middlesex" (<https://discovery.nationalarchives.gov.uk/details/r/D900440>) dated 19 AUGust 1617. This shows Scrivain as a grey period occupational term though I couldn't find it in the will itself.

Even better, MED (s.v. scribein, <https://quod.lib.umich.edu/m/middle-english-dictionary/dictionary/MED39056>) has surname examples including Ricardus le Scryvayne (1289), Willelmus le Scryvayn (1289), and Thom. Skryuayn (1327). As the names are English they need to be dated with 500 years, which they are. I think that Scrivain is registerable based on this.

I would also include the documentation for the acceptable alternate, Scryvenor, just in case Pelican disagrees with my interpretation of the documentation.

6: Sorcha inghean Cheallaigh - New Name & New Device

Please consider the following possible conflicts identified by OSCAR (many will not be conflicts): Sorcha inghean ui Cheallaigh(6/2005)

We believe this does not conflict because SENA PN3C2 (and its example, Dorrin Brady vs Dorrin O Brady) shows this to be clear of the registered name Sorcha inghean Ui Cheallaigh

Sorcha is a feminine given name in Gaelic dated from 1480-1639? found in Index of Names in Irish Annals: Sorcha," Mari Elspeth nic Bryan

<https://medievalscotland.org/kmo/AnnalsIndex/Feminine/Sorcha.shtml>

inghean is the Early Modern form meaning "daughter of"

Ceallaigh is the Early Modern Gaelic form for the masculine patronymic adding inghean and an "h" after the initial C makes the patronymic feminine giving the submitted Cheallaigh found in the Irish Annals
